

HARMONY CELLARS

CELLARMASTER ~ FALL 2021

Varieties popular in Uruguay, Italy and France are represented in this “international” cross selection of wines from fruit grown on the Central Coast and crafted in Harmony. From football tailgates to holiday meals or cozy evenings by the fire, these versatile wines can be matched with any Fall occasion.

2018 TANNAT

Price: \$35 . Club Price: \$28

New release! Considered the “national grape” of Uruguay, Tannat is actually native to the Basque Region. Generous flavors of ripe, dark berries and plum meet with a savory, smoky spiciness and firm tannins. Pair with grilled meats, sausages or lamb shanks.

2018 SANGIOVESE

Price: \$35 . Club Price: \$28

Gold, Orange County Wine Competition

New release! Hailed as the most popular grape in Tuscany, our Paso grown Sangiovese is equally loved for its red berry flavors, bright acidity and kiss of barrel spice. Italians match this wine with any tomato sauced based entrée—especially wood-fired pizzas—and so do we.

2019/20 PINOT GRIS

Price: \$27 . Club Price: \$21.60

Succulent, crisp and finished bone-dry, Pinot Gris can bridge the gap between white only and red only wine drinkers! Unlike its light and fruity cousin Pinot Grigio, this wine was crafted in the French Burgundian-style which results in a drier wine with added body and complexity. Intense flavors of ripe peach, juicy pear and citrus are followed by a shortbread cookie finish. Enjoy with shellfish, turkey or light pastas.
